Stephen, I was under the impression that Dr Raun would be performing the human health and ecological risk assessments "in their entirety" and "replacing" Kleinfelder's risk assessors, Dr Dwyer and Frantzen. This would have been a change in NORCO's Work Plan. We will not need CVs for the entire team if Dr Dwyer and Frantzen are still responsible for the conduct of the risk assessments.

We would expect that Kleinfelder's risk assessors participate in any additional meetings with our risk assessors concerning risk assessment issues.
